PART ONE Overview

1 The nature and causes of behavioural difficulties in schools 3
   Types of behavioural difficulties 3
   Causes of behavioural difficulties 15
   Conclusion 32

2 Styles of teaching and discipline 33
   Purposes of education 33
   Styles of teaching 35
   Purposes of discipline in schools 35
   The range of disciplinary styles 35
   Theories of discipline in schools 38
   Contrasting beliefs of control versus guidance 40
   The language of the two styles 49
   A continuum of disciplinary responses 51
   Factors influencing teachers’ choice of disciplinary style 52
   Conclusion 58

PART TWO Controlling discipline

3 Overview of the controlling model 61
   Variants of behaviourism 61
   Behaviourist principles 64
   Establishing school-wide plans 67
   Ethics 67
   Conclusion 68

4 Strengthening appropriate behaviours 69
   Teaching new behaviours 69
   The menu of reinforcers 71
## CONTENTS

Reinforcement schedules 74
Individual versus group reinforcement 75
Principles for using reinforcement 75
Conclusion 77

5 Reducing inappropriate behaviours 78
The menu of reductive measures 78
Natural and logical consequences 85
Cautions for the use of punishment 87
Conclusion 87

6 Classroom discipline 89
Elements of a classroom discipline plan 89
Instruction 90
Establish and teach rules 92
Reinforcement 96
Responding to non-disruptive, off-task behaviour 98
Reducing disruptive behaviours 98
School-wide support 100
Guidelines for using corrective measures 101
Conclusion 101

7 Targeted interventions 102
Daily report card 102
Behavioural contracts 102
Remedial tutoring 104
Mentoring 104
Peer support schemes 104
Cognitive-behavioural training 104
Conclusion 108

8 Individualised interventions 109
Behaviour support plans 109
Home–school communication 117
Conclusion 117

9 Critique of behaviourism 118
Effectiveness of specific elements 118
Outcomes of school-wide positive behaviour support 121
Atypical programs 122
Generalisation and maintenance 123
Consumer satisfaction 123
Demands on teachers 124
Critique of the behaviourist paradigm 126
Disadvantages of rewards 127
Disadvantages of punishment 129
Conclusion 134
PART THREE  The guidance approach

10  Overview of the guidance approach 137
    A model of teaching and learning 137
    Elements of the guidance approach 138
    An ethic of caring 138
    Human needs 139
    Beliefs 145
    Layered practices of the guidance approach 152
    Steps for resolving behavioural problems 156
    Conclusion 159

11  Meeting students’ basic needs: Wellbeing and safety 160
    The physical environment 160
    Students with chronic illnesses 162
    Food and nutrition 163
    Exercise 166
    Sleep deprivation 166
    Child abuse in schools 169
    Supporting stressed students 171
    Conclusion 174

12  Meeting students’ need for self-esteem: Worth and competence 176
    The self-concept 176
    Self-esteem 176
    Types of self-esteem 179
    Educational implications of self-esteem 184
    Promoting an authentic self-esteem 185
    Conclusion 188

13  Meeting students’ social needs: Affiliation and connection 191
    Classroom climate 191
    Group cohesion 191
    Relationships with teachers 193
    Peer relationships 194
    Measures to enhance belonging 198
    Conclusion 204

14  Meeting students’ need for autonomy: Voice and choice 205
    A continuum of relative autonomy 206
    Autonomy supportive measures 208
    Conclusion 212

15  Meeting students’ ‘luxury’ needs: Purpose and happiness 214
    Purpose 214
    Happiness 216
CONTENTS

| Implications for education | 216 |
| Conclusion | 222 |
| 16 Facilitating learning: Mastery and accomplishment | 224 |
| The teacher as facilitator | 224 |
| A model of teaching | 225 |
| A model of learning | 232 |
| Assessment | 247 |
| Individualisation | 250 |
| Homework | 255 |
| Conclusion | 258 |
| 17 Compassionate communication | 261 |
| An understanding of emotions | 262 |
| Listening | 266 |
| Roadblocks to communication | 269 |
| Assertiveness | 274 |
| Making requests | 277 |
| Collaborative problem solving | 279 |
| Problem solving between students | 280 |
| Conflicts of values | 281 |
| Managing anger | 281 |
| Apologies | 284 |
| Conclusion | 285 |
| 18 Providing support | 286 |
| Rationale for support | 287 |
| Responding to emotional meltdowns | 287 |
| Contracts (or deals) | 290 |
| Abandon coercion | 290 |
| Conditions needed for change | 292 |
| Monitor effectiveness | 292 |
| Consistency | 292 |
| Conclusion | 294 |
| 19 Revealing solutions | 295 |
| A solution-focused approach | 295 |
| Principles of a solution-focused approach | 295 |
| Define the problem | 297 |
| Re-define the problem | 298 |
| Identify goals | 303 |
| Identify solutions | 305 |
| Review progress | 313 |
| Plan for overcoming obstacles to change | 313 |
| Deal with setbacks | 314 |
| Conclusion | 314 |
## CONTENTS

20 Critique of the guidance approach  
   - Politics 316  
   - Lack of pedagogical theory 316  
   - Ethics of disciplinary practices 317  
   - Elements of effectiveness 319  
   - Outcomes of the guidance approach 320  
   - Resistance to abandoning controlling discipline 329  
   - Eclecticism 330  
   - Conclusion 330  

PART FOUR Applications

21 Attention deficits  
   - Definition 333  
   - Nature of the attention deficit disorders 336  
   - Gender differences 340  
   - Problems with the diagnosis 340  
   - Prevalence 341  
   - Prognosis 342  
   - Causes 343  
   - Assessment 346  
   - Interventions 347  
   - Conclusion 353  

22 Resolving aggression and bullying  
   - Types of aggression 355  
   - Bullying 356  
   - Types of bullying 356  
   - Causes of chronic aggression 360  
   - Causes of bullying 360  
   - Effects of bullying 361  
   - A profile of participants in aggression and bullying 361  
   - A guidance response to bullying 369  
   - Supporting parents of victims 379  
   - Collaborating with parents of perpetrators 380  
   - Conclusion 381  

PART FIVE Beyond the classroom

23 Collaborating with parents  
   - A rationale for parent involvement 385  
   - Styles of interaction between teachers and parents 385  
   - Parents’ motivations for involvement 387
Everyday measures for engaging with parents 388
Principles of solution-focused parental consultation 389
Cross-cultural collaboration 392
Collaborating with families in adversity 393
Responding to parents' complaints 394
Conclusion 395

24 Supporting teachers 396
  Teacher commitment 396
  Teacher self-efficacy 397
  Teacher attributions 398
  Collective efficacy 398
  Teacher autonomy 399
  Leadership 399
  Collegial support 400
  Professional development 401
  Occupational stress 403
  Collaboration and consultation 404
  Conclusion 406

25 Formulating policy about student behaviour 407
  The planning process 408
  Power relations 409
  Participatory decision making 409
  Components of policy 411
  Inventory of resources and constraints 415
  Implementation 416
  Personal reflection and evaluation 416
  Conclusion 417

CONTENTS

12.7 Achievement-oriented self-esteem 183
12.8 Authentic high self-esteem 184

13.1 Aspects of classroom belonging 192

14.1 Locus of regulation 207

15.1 Phases of creativity 219

16.1 A model of teaching 228
16.2 Types of achievement goals 231
16.3 A model of learning 233
16.4 Development of interest 236
16.5 Structure of achievement goals 240
16.6 Learning styles 253
16.7 Prompts for problem solving 255

17.1 Pathways for selecting a communication skill 283
17.2 The anger iceberg 284

18.1 Evaluating solution effectiveness 293

19.1 Steps for revealing solutions 297

22.1 Participants in bullying 363
22.2 Types of social actors 364

24.1 Contributors to occupational stress 404

25.1 Steps for formulating policy 409
25.2 Components of policy 413
Tables

2.1 Implications of beliefs about childhood 44
2.2 Tiers of interventions 52
2.3 Implicit theories about the causes of behavioural difficulties 56
4.1 Variants on administration of reinforcement 76
Boxes

1.1 Some health factors affecting nervous system functioning 17
1.2 Statistics about child abuse 19
1.3 Signs and effects of abuse 20
1.4 Effects of poverty on children 23
1.5 Qualities of effective schools 25

2.1 Authoritarian assumptions about behavioural versus academic mistakes 46
2.2 A study of obedience 49
2.3 Comparisons between controlling discipline and guidance 50

5.1 A hierarchy of reductive responses to undesired behaviours 79
5.2 Summary of consequences 85

6.1 Tier 1 interventions 91
6.2 Modifications to instruction 92
6.3 Sample matrix of rules and routines 93
6.4 Sample preschool lesson plan for teaching children to walk indoors 95
6.5 Necessary routines and procedures 96

7.1 A sample behavioural contract 103
7.2 Components of self-management programs 105
7.3 Self-restraint skills 107

8.1 Antecedents that influence behaviours 114
8.2 Functions of behaviour 115

9.1 Common uses (and misuses) of praise in classrooms 128
9.2 Pitfalls of token reinforcement 129
9.3 Pitfalls of using office referrals as a reductive measure 130

10.1 Human needs 141
10.2 Disadvantages of rewards and punishments 152
11.1 Modifications to the environment 162
11.2 US obesity rates 166
11.3 Effects of sleep deprivation 167
11.4 Actions during investigations of alleged abuse by teachers 170
11.5 Signs of stress in children and adolescents 172

12.1 Distinctions between praise and acknowledgment 187
12.1 Benefits of acknowledgment 188
12.3 Tips for acknowledging students’ achievements 189

13.1 Qualities of teachers 195
13.2 Benefits of friendships 197

14.1 Autonomy-supporting and -suppressing teacher behaviours 208

15.1 Identifying your passions 215
15.2 The daring greatly manifesto 218
15.3 Blocks to creativity 221
15.4 An activity to identify your element 222
15.5 The tombstone technique 222
15.6 Life review 222

16.1 Characteristics of two styles of instruction 225
16.2 Disadvantages of a preponderance of teacher-directed instruction 226
16.3 Young people’s needs in schools 227
16.4 Indicators of engagement and disaffection 245
16.5 Adjusting instruction for conceptual learners 252
16.6 Adaptive functioning skills 256
16.7 Disadvantages of compulsory homework 259

17.1 Constraints on empathy between teachers and their students 262
17.2 Key points about feelings 263
17.3 Comparison between judgmental and compassionate styles 265
17.4 Steps for giving empathy 267
17.5 Examples of colloquial expressions of needs 268
17.6 Tips for reflection 269
17.7 Useful reflective phrases 270
17.8 Communication roadblocks 271
17.9 A comparison of submission, aggression and assertion 275
17.10 Differences between demands and requests 278
17.11 Differences between listening and assertiveness 280
17.12 Responding to conflicts of values 282

18.1 Tips for responding to meltdowns 289

19.1 Comparisons between problem solving and solution building 296
19.2 Questions that elicit descriptions of the problem 298
19.3 Changing language 299
19.4 An example of reframing 300
19.5 A simple reframe 301
19.6 Questions to elicit students’ goals 304
19.7 Translating vague goals into specific actions 305
19.8 Scaling questions 305
19.9 Using scaling to identify a solution 306
19.10 Questions that unlock solutions 307
19.11 Pattern interruption: Increase the frequency 308
19.12 Pattern interruption: Derailing 308
19.13 Pattern interruption: Disrupt the sequence 309
19.14 Identify natural exceptions 309
19.15 Questions that identify exceptions 310
19.16 Questions that elicit strengths 310
19.17 Re-writing her- or his-story 312
19.18 Questions that identify resilience and coping skills 314

21.1 Diagnostic criteria for attention deficit disorders 334
21.2 Prevalence rates across cultures 341

22.1 Exclusionary manoeuvres 354
22.2 Effects and signs of victimisation from bullying 362
22.3 Retorts for teasing 375
22.4 Some bullying-prevention curricula 376
22.5 A solution-focused approach to bullying 378
22.6 Advice for parents of victims 380

23.1 Sample statement of welcome to families 389
23.2 Questions that reveal solutions 391

24.1 Features of schools that foster teacher satisfaction 402

25.1 The five characteristics of effective teams 411
25.2 Tip for maintaining guidance values within an authoritarian school policy 416
